You've learned the poems about animals. Let's listen to them and answer my questions.

-What can a penguin do?

-Where does the tiger live?

-What is it?

II. Определение темы урока и постановка задач.

Our topic today is... "Pets"

What are we going to do today?

Now tell me please what pets have you got?

What pets would you like to have?

Imagine that you have a dog and a cat.

We'll work in pairs. Each pair gets the text. Read the text to each other and answer if the statements are true or false.

On your cards you have dialogues. Complete the dialogues. Give the questions and the answers.

Let's listen to your dialogues. Who wants to show?
